PLEA FOR CO-OPERATION AMONG THE POULTRYMEN.

To the Poultrymen and Boosters of San Mateo county—Continuous requests of different poultry-keepers of San Mateo county that I should start a movement for organization of that body have prompted me to write this article.

First of all, dear reader, permit me to call your attention to the large and steady increase of domestic fowls in California as the figures of the census year 1910 have shown: In 1900, we had in our State approximately 4,196,466 of domestic fowls, and this has increased since to 6,087,267, valued at \$3,844,526 in 1910. Of the total, 5,666,054 are chickens, 116,602 turkeys, 40,061 ducks, 14,195 geese, 2620 Guinea fowls, 246,065 pigeons and 288 pea-fowls. These figures suggest and show that the demand for home fowl is stronger than ever, otherwise we should have today less fowls and fewer breeders than ten years ago.

Now it stands in good reasoning that we in San Mateo county, too, come in for our share in this increase, which, by the way, is a fact personally known to me from instances observed near my home and all over the county. And why should it not be so when our climate is ideal for chicken raising, even more so than some other parts of the State? We have rain, it is true, but not too much of it; and as to sunshine, we are blessed with it more or less the whole year around. The close bordering ocean makes our territory more healthy than the inland valleys, and I know from practical experience, that such diseases as roup and cold, also parasites, are, the former almost unknown, the latter so scarce that the poultryman does not have to be a trained soldier to know how to fight the vermin which is such a drawback in the regions where the thermometer often registers 90 degrees in the shade. The climate, the glorious cold breeze from the ocean side, is our greatest help; still only a few seem to know it and appreciate this benevolence of nature. What more would any one ask, I pray.

But to return to our subject. Pretty nearly every county in the State that is known to raise poultry to any extent has her own Poultry Breeders' Association, and I fail to see any reason why we, the people of San Mateo county, should be so backward in this matter. I think it is about time for us to wake up, and show others that we know how to be progressive and right up-to-date.

So let us get together today. Tomorrow the matter may slip your memory. Let us organize at once and work our way into the ranks of the advanced poultry fraternity. Of what benefit will the association be to us anyhow? Some will ask. It will further the interest of the individual breeders, at the same time the whole poultry community; it will bring the producer and consumer closer together, and by means of forming otherwise impossible acquaintance will help to find proper places to market your produce, thereby increasing the margin of profit. It will put more ready cash in your pocket, promote prosperity of every farmer and merchant and compel the outsider to stand up and take notice of the "little county" close to the sea.

We would have yearly shows; we would have meetings with lectures on different topics of interest to poultry raisers; we would strive to do this thing right by bringing into notice of the attendance the most modern, economical and satisfactory methods now-days in use, thereby helping each other and helping all. In short, the association would encourage poultry industry in our county and breeding of standard birds, the kind that really pays good interest on the capital invested.

I am devoting all my time to poultry, eggs being my hobby and I would be glad to hear on the subject from everyone living in San Mateo county interested in poultry, regardless of the variety or the number of fowl kept. I would like to hear from all those who would like to see our county prosper, from all the boosters for home and their own nests, the tireless kind who make the country and put bread into the hands of the less lucky ones.

I ask the co-operation of business men and merchants and present the matter to the San Mateo County Development Association, also to the Honorable Board of Supervisors for consideration and help, for as any gentleman will understand, a boost in that direction will be a boost for the whole county and its citizens; will be a push towards the front ranks, where we really belong. Again I say: Let us get together and by working hand in hand accomplish the possible, the earning of the first place on the list of the Poultrymen's Association.

Yours for the "little county" with a boost.

MAY EXPERIMENT WITH SINGLE RAIL

Owners of Monorail Patent are Anxious to Introduce New Style Street Railway

The recent movement of Edw. F. Fitzpatrick to establish an electric railroad from deep water at this city to Woodside and Portola and eventually across the mountain is commanding the attention of capitalists and may result in the success of the undertaking. This week Judge Fitzpatrick received a letter from John Rosene of San Francisco, the owner of patent rights for the Pacific Coast for what is known as the monorail system of railroad.

The mono or single rail, plan, is an English invention that has passed beyond the stage of mere experiment and promises to come into practical use. Many miles of this kind of railroad have been constructed in Germany and are used successfully to carry freight and passengers. As the name suggests, the monorail has but one rail, the rails being so balanced by a contrivance called a gyroscopic that tipping over is impossible. Trains can be operated at a much higher rate of speed than on two rails and there is absolutely no danger of the cars leaving the track. The cost of construction is from 50 to 70 per cent cheaper. On paved streets it is necessary only to cut away a small strip for the accommodation of the rail instead of excavating a width of 20 feet or more for two rails.

It is possible to achieve further economy by having the single rail carry its own power.

Mr. Rosene offers to build and equip at his own cost and risk a single rail track between this city and Woodside and operate the same for a period of sixty days, after which he will dispose of the system to Mr. Fitzpatrick or his company for 15 per cent above the cost of construction.

It is estimated that the railroad and its equipment will cost less than \$50,000. To raise the necessary capital ought to be an easy undertaking.

Such a track would be a novelty in Redwood and would attract widespread attention. Its benefits would be manifold.

We have the only deep water inlet from the bay on the western side and with this advantage Redwood should become a thriving community. The railroad undertaking should be supported by all progressive citizens as it will be a benefit to all. Ingston (since deceased) came to the rescue with a basket of champagne that he had brought from Boston round the "Horn," and thus was the "Town of Mezesville" christened.

BONITA PARLOR OBSERVES TWENTY-FIFTH ANNIVERSARY

Bonita Parlor of Native Daughters celebrated its twenty-fifth anniversary Friday night, the event being one of the most notable in the history of the parlor. The Grand President, Anna T. Lacy was present and assisted in the enthusiasm of the occasion. Of the forty-two charter members but six remain as follows: Mary Hanley, Lottie Helde, Emma Mengel, Sophie Offerman, Mamie Glennan, Carrie Johnston. Each of these original members was presented with a silver fork, suitably engraved. The Grand President was given a silver spoon and Mrs. Mero was given a past president's pin. At the close of the meeting the members held a jollification in which feasting, speechmaking and music were prominent features. Six new members were added to the roll.

Old Marriage Contract Filed.

A marriage contract, which was entered into August 3, 1892, by Harrison McCharles and Mary Nowlin was filed for record in San Francisco Friday, says the Chronicle. In the agreement it is stated that McCharles was 42 years of age on that date and Mary Nowlin 31 years old, and that both resided in San Mateo county. The contract is brief, merely declaring that the two engage to live together during their joint lives and to discharge the duties imposed by law on husband and wife. It was acknowledged August 3, 1892, before R. M. Edwards, a notary public in San Francisco.

Miss Taylor Entertains

Miss Frances Taylor was hostess at a beautiful pink luncheon given at the home of her parents, Dr. and Mrs. A. Miles Taylor in Wellesley Park on Friday. The guests were all high school girls, covers being laid for eight at the perfectly appointed table. Pink carnations in a large pink bowl formed the centerpiece, under which were deftly hidden dainty souvenirs for each young guest. The place cards were delicately painted. La France roses and baby roses were also laid at each place. A six-course menu was served amid much gay chatter, and the afternoon was passed with games and cards.

Laborer Has Painful Fall

John J. Malloy, a laborer, aged 50 years, fell from the upper floor of the old Low-mart Monday afternoon and was painfully injured. Malloy, who was assisting in tearing down the structure, is thought to have been drinking. His employer had told him to leave the work. He fell out of one of the front openings and struck on the sidewalk. His right forearm was fractured and he suffered other cuts and bruises. After being cared for by Dr. Ross he was sent to the county hospital where he is reported to be recovering.

Opium-Sellers Arrested

Under Sheriff Shields, acting in conjunction with A. J. McDonnell, an officer of the State Board of Pharmacy, raided seven opium joints in San Mateo and three in Menlo Park, arresting ten Chinese who are charged with having opium in their possession. Seven of the Chinese have been released on bail of \$200 each. The Board of Pharmacy is making a systematic effort throughout the State to suppress the opium traffic.

An additional attraction to be added to Miss Loraine Allen's entertainment and dance to be given Saturday evening will be the world famous whistling team, the only one in existence.

Ever Think Of It?

WE WANT OUR JUST DUE.

Always prompt to appreciate the needs of Redwood City, and ever ready to take up the cudgel in their defense, Mayor Merrill is again after the Southern Pacific with a sharp stick. This time—as on several previous occasions—the “kick” of the Mayor is against the failure of the railway management to recognize the rights of the people of Redwood City in the matter of train accommodations. Mr. Merrill, as usual, gets right down to “sharp talking,” as will be seen from the following communication which he has addressed to the division superintendent:

Redwood City, Cal., June 11, 1912.
Mr. Thos. Ahern, Supt. Coast Division, Southern Pacific Company, Third and Townsend Sts., San Francisco—Dear Sir: It has come to my notice that your time-table No. 90, effective June 9, 1912, makes no provision for certain new trains that do not stop at Redwood City, viz., trains Nos. 88 and 82 leaving San Francisco at 4:55 p. m. and 5 p. m. respectively, and the return train No. 85 (and possibly the return train corresponding to train No. 82, though I do not find on the time-table any such train).

As you are aware, I have made known to you from time to time the contention of Redwood City people that they are bound to stop all trains at that place, this provision having been made in condition one of the deeds covering a part of your right of way through Redwood City. As this contention has been renewed on almost every occasion when your company has issued a new time-table, it seems to me that the matter ought to be threshed out once for all. Heretofore the storm of objections has subsided from time to time, probably for the reason that the people have felt that it was not unreasonable for your company to run the Sunset Limited and other through trains without stopping at Redwood City, as provided in the Haves deed, but in the present instance there is a pretty general feeling that the so-called San Jose Limited and Santa Cruz Limited (trains Nos. 82 and 88 above referred to) do not come within the same category.

It does not seem right that these trains should be run without a single stop at any town in San Mateo County. Redwood City is not the most populous city in the county, but it is the county seat, so that considering both population and county business, its railroad business has an importance quite equal to that of any other place in the county. But, regardless of the point of view of relative importance, there is the fact that your company is legally bound by the terms of the Haves deed. It remains for you to decide whether you will continue to return, like Banquo's ghost, to haunt us every time your company may issue a new time-table.

Possibly the people of Redwood City would be satisfied to have this question referred to the Railroad Commission, although that body would really have no authority to deal with that phase of the question having to do with the legality of the Haves deed. Or, it may be that you can suggest some way by which we can settle about to arrive at a settlement. At any rate, I would be glad to hear from you in the near future, and meanwhile I hope that you may see your way clear to provide that the additional trains referred to in this letter shall stop at Redwood City until such time as the matter may be disposed of.

Very respectfully,
D. E. O'KEEFE, Mayor.
President Board of Trustees of Redwood City.
As Mayor Merrill plainly puts it, it is high time that the rights of this city should receive recognition at the hands of the railway management, or else that it should be determined that there are no rights which that corporation is bound to respect. The time seems now to have arrived when the people should take a definite stand in this matter. The railway company has always been prompt to seize every advantage afforded them under the old deeds by which their rights of way through the city were secured and they should be compelled to observe every reasonable restriction embodied in those same deeds. In his effort to secure this recognition Mayor Merrill should—and undoubtedly will—receive the hearty support of the people.

Nor in the present demands is there anything in the slightest unreasonable. The city has always been disposed to deal liberally with the railway company, both in the accommodations asked and in the restrictions imposed. Trains have been permitted to run at greater speed than that permitted in most municipalities, and no desire has been manifested to demand unreasonable restrictions in the stoppage of through trains on what are termed “overland runs.” But certainly there can be no reason or excuse for the attempt of the railway management to class the two trains now complained of under that category.

AN UNNECESSARY RISK.

If necessary the Council should resort to drastic measures to put a stop to the practice of starting fires to dispose of dry grass and weeds, either on private property or in the streets. The starting of a grass fire, which may easily—and frequently does—get beyond control, constitutes a serious menace and may at any time result in a serious conflagration.

No one has a right to endanger his neighbor's property, nor can it be expected that members of the fire department will constantly respond to these unnecessary calls. These men receive no pay for their services, and cannot be expected to contribute their time and labor to protect the public from the consequences of their own carelessness.

WOMEN IN THE CAMPAIGN.

That the votes of women will cut a material figure in the coming presidential campaign is indicated by the reported intention of the managers of both the great political parties to place women on the stump in all states where equal suffrage has been granted. There are at the present time no less than six states in which women have a vote, with a possibility that before the end of the campaign at least one or two more will be added.

The states in which women now have the ballot on equal terms with men are Wyoming, Colorado, Idaho, Utah, Washington and California. The new con-

stitution of Ohio, which will be voted on at a special election in September, has an equal suffrage provision, and as there is every reason to believe the provision will receive the sanction of the voters of that state, it is more than probable that the women of Ohio will have a voice in the selection of the next president. In November an equal suffrage proposition will be submitted to the voters in Wisconsin, Michigan, Kansas, Oregon and Nevada.

Thus it will be seen that the vote of the women will be an important asset in the campaign of 1912. Thirty-seven electoral votes will be cast by the states which already have equal suffrage, while twenty-four more will be added to the roll if Ohio declares for it in September. It is thus conceivable that the states in which women have the ballot may hold the balance of power in the presidential election.

ONLY A JUST CONCESSION.

The decision of the National House of Representatives to allow American vessels engaged in the coasting trade to pass through the Panama Canal without the payment of tolls should receive the hearty approval of every citizen of this country. That our vessels should have some favors in the canal seems a simple proposition, and one with which no other nation can reasonably find fault.

The canal is essentially an American waterway. It is being built with American money and as the result of American genius. The enterprise was vast in its proportions. No private concern would risk the vast outlay for such a project, and the cutting of the canal would have remained an iridescent dream had not the United States undertaken the work.

American vessels deserve the slight favor which will be thus allowed them in passing through an American waterway. The canal primarily is for the benefit of this country, although all nations will be allowed its use on most reasonable terms. The concession which has been made by the House would have been granted to its ships by any other country under similar conditions without the slightest hesitation. It is to be hoped that the Senate will adopt this measure without unnecessary delay. The present session of Congress will probably close within a few weeks at the utmost and it is desirable that a legislation for the government of the canal be completed before adjournment. Col. Goethals, engineer in charge of the construction work announces positively that the canal will be ready for opening before the close of 1913, and the American people are entitled to know upon what terms they are to be entitled to use it.

Local Church Announcements.

At the Methodist church next Sunday Rev. Mr. Brown will preach during the morning service on “The Patriarch's Mistake;” in the evening on “Jesus Christ as a Revelation to God.”

At the morning services at St. Peter's church tomorrow the Sacrament of Holy Communion will be administered, Rev. A. B. Chinn of Menlo Park officiating and preaching the sermon. Evening services will begin at 8 o'clock and will be conducted by Rev. A. W. Darwall. There will be no meeting of the League of St. John.

Services will be held at the Congregational church next Sunday as follows: Sabbath school at 10 o'clock; morning worship at 11 o'clock at which the theme will be “The Church in its treatment of Doubt.” The Young People's Society of Christian Endeavor will meet at 7 p. m., and the evening service will be at 8 o'clock at which the subject will be “John, The Darker Side.” Rev. R. W. Farquhar will preach both morning and evening.

Injured in Auto Accident.

N. B. Miller, a machinery merchant of 503 Market street, San Francisco, struck a buggy driven by Frank Furger while driving his auto mobile on the county road near San Carlos Wednesday afternoon. Furger, who owns a ranch at Lobitos, and his fourteen-year-old son, were thrown out of the buggy. Miller picked them up and hurried them to Dr. J. L. Ross. Furger received a bad scalp wound and the boy was badly cut. They were taken to the city for medical treatment.

Child Has Narrow Escape.

J. J. Tribolet saved little Abo Logasa from drowning last Tuesday afternoon. The boy fell off the railroad bridge near the old Chinese wash house into the creek and would have drowned had not Tribolet happened along and rescued him from his perilous position. There was four feet of water in the creek at the time.

PESCADERO CORRESPONDENCE

Pescadero is going to have a Fourth of July celebration “what am.” Committees have been named for each department of the big affair and all are working hard to make it the biggest event ever held on the coast side of the county. Everyone for 50 miles each way is to be here, with all their friends. And everyone should enjoy it, as among other things on a good program there is to be a barbecue and big eat. Following are the committees: Arrangements—J. C. Williamson, E. A. Shaw, Jas. McCormick, Jr., W. A. Moore, F. S. Duarte, W. L. Ray, C. J. Coburn, Bert Woodman. Program and entertainment—Howard Laskey, A. J. Goolson, Dr. C. V. Thompson, Harry W. Good. Reception—A. W. Woodham, Frank George, Eli Moore, Manuel Bennett. Floor—H. J. Laskey, Harry Good, Bert Woodman.

E. Eaton and S. Trotter came Saturday night and are up the Gazos fishing. Ed. McLellan and wife are camping up the Gazos creek.

Ed. Dickerman is still confined to his home. Mr. and Mrs. Murray Curtis have come back from Oakland to stay for a while.

Mr. Randall and wife are here on a visit with his uncle, J. C. Williamson. We have been having a few big showers lately, which is bad for the hay. Ed. Eaton says he has walked a thousand miles in the last few days. That's going some.

M. Upton is out around again. Mr. Ambler is repairing his auto truck at L. Koster's blacksmith shop. Duffield's auto truck could not go any further than San Gregorio Wednesday with his load as it was so slippery.

Sequoia Grad Gets Professorship.

Stanley Smith, who is a professor at Harvard, will leave next week for Europe to take a course of study there for three months. He will secure his doctor's degree at Harvard next semester. Mr. Smith will take charge of the Romance language department of Reed's College in Portland in 1913. The board of trustees has been scouring the country for the best talent obtainable and among the many teachers selected was Mr. Smith. This is a decided recognition of his ability as well as a distinguished honor to the Sequoia Union high school from which he graduated several years ago.

WOODSIDE PEOPLE SHOWN NEW TRICK

Fruit Growers Instructed in New Method of Ridding Land of Stumps and Boulders

With the mercury hovering close to the century mark, Woodside county folk last Sunday in goodly numbers wended their way to J. L. McCarthy's olive orchard to witness a demonstration of the advantages to be derived through the utilization of giant dynamite and giant black stumping powder in ridding an orchard of boulders and old stumps; and though Old Sol seemed opened wide the furnace doors, he could not impair one iota the intense interest manifested during the demonstration. The work was successfully carried on by George M. White, of the Western Contractors, Limited, ably assisted by James Peck, each of whom have had a vast amount of experience in work of this nature.

One of the most remarkable features about the demonstration was the utter lack of injury to the trees, the boulders and stumps in each instance being in close proximity to them. The various ways of lifting stumps out of an orchard were fully illustrated; some were shot high into the air and shattered into minute fragments; others merely lifted from their imbedded position and set gently down on the crest of the hole wherein they had once rested. Boulders were broken into pieces of a size easily handled.

The effect on the soil as a result of the shots was most noteworthy. For a depth of from five to six feet and for a radius of about the same number of feet the ground was thoroughly loosened, thus affording an opportunity for next winter's rains to permeate to a far greater depth than would be possible through the ordinary means of cultivation.

That dynamite as a means of soil cultivation is pre-eminently the best thing for an orchard old or young, was conceded by all present; and it was the consensus of opinion that the initial expense in the utilization of Giant Dynamite and Giant Black Stumping Powder through perhaps somewhat greater than the expense incurred through the ordinary methods of cultivation, would be more than offset by the splendid results attained.

So well pleased were Mr. McCarthy and his sons with the work that they may accord in the not distant future another opportunity to the country folk, not only of Woodside but elsewhere, to witness a demonstration of sub-soiling by dynamite, believing that their splendid olive orchard will be benefited immeasurably thereby.

WOODSIDE MAN TAKES SAN FRANCISCO BRIDE

St. Agnes church, San Francisco was the scene of a very pretty wedding on Wednesday evening when Harold A. Hansen was united in the holy bands of matrimony to Miss Florence Grace Canavan, the daughter of Mr. and Mrs. P. F. Canavan, of San Francisco.

Many friends had gathered in the prettily decorated church to witness the ceremony, which was performed by the pastor of the church, Father Slattery, after a very pretty solo by Miss Philomena Pedro, a niece of the groom.

The bride wore a white lace over a beautiful satin and train gown and carried a shower of lilies of the valley. She was attended as matron of honor by her sister, Mrs. Louis Jordan who was gowned in a beautiful blue silk.

Her twin bridesmaids, the Misses Haggerty carrying pink roses, were attired in pink chiffon over pink satin, as also were the little twin flower girls, cousins of the bride, making a very pretty combination.

Chas. A. Hansen of Turlock, a brother was best man, and Edw. A. Hansen of Portland, his other brother, together with Gus Farrell, acted as ushers for the groom.

Immediately after the ceremony their many friends repaired to the beautiful home of the bride's parents, where a sumptuous repast had been laid and when the well wishes of all were extended to the bride and groom and after many bits of wit had been spun and remarks of good fortune given, the happy couple departed on their honeymoon, the bride wearing a black and white suit and an American beauty hat.

The groom is a Woodside boy, the youngest son of Mr. and Mrs. Nicholas Hansen and a very popular young man.

The presents were beautiful and many were the wishes of good will extended to the happy couple as they started on their journey through life.

Upon their return they will reside at 544 Bryan street, Palo Alto, where the groom is engaged in business, and have the heartiest wishes of their many friends for a long, happy wedded life.

Notre Dame Classes Graduate.
The commencement exercises of Notre Dame Academy were largely attended yesterday afternoon by the parents of the pupils and other friends of the school. The good sisters had arranged a splendid program, every number of which was applauded by the life audience. The children acquitted themselves well and the manner in which they sustained their respective parts would do honor to older pupils. There were six graduates, Irene graduated from the commercial department and Elsie Muller, herne Redmond, Lydia Patrick, McLaughlin and Frances John from the eighth grade.

Old Resident Laid in Grave
Mrs. Barbara Rebolitz, the mother of Mrs. Carl Muller of this city, passed away Saturday after a long illness. The deceased was a native of Germany, aged 68 years. She is survived by a brother and two sisters, one of whom is Mrs. Chris Groner, and nine grown-up children. Mrs. Rebolitz was an old resident of Redwood City and her death is regretted by a host of friends. She was interred in Holy Cross cemetery, Colma, on Monday, services for the repose of her soul having been held in Mount Carmel church.

HALFMOON BAY MURDERER IS CAPTURED BY SHERIFF

After a chase covering a period of three days and extending from Halfmoon Bay to Maricao, in Kern county, Sheriff J. H. Mansfield succeeded Wednesday in capturing William Parr, who is wanted for the murder of Shirley Henry, a teacher, who was killed at Halfmoon Bay last Saturday. Henry was stabbed and died in a San Francisco hospital the following day. Immediately after the affair Parr took a motor truck to Pescadero, and then he hid in the mountains. Sheriff Mansfield picked up his trail at Santa Cruz and finally caught him at Maricao.

The prisoner arrived here Thursday. Harry W. Parr, brother of the accused, was here yesterday and stoutly denies the published statement that he assisted his brother in escaping from Halfmoon Bay. He states that he did not know his brother had gone until the next day. The prisoner will have his preliminary hearing next week.

Friends Honor Popular Citizen.

Last Saturday a number of friends of John Christ gathered at his home on Madison street to help celebrate the anniversary of his birth. He had reached his seventy-fourth birthday and is still hale and hearty. Mr. Christ, who has been the town marshal for over a quarter of a century, has many friends in Redwood City and vicinity. He was the recipient of many costly gifts as well as well-wishes of his friends. The afternoon was pleasantly spent in social converse and story telling. The refreshments served were enjoyed and appreciated. Mr. Christ has been a resident of this city for over thirty-five years.

Elks Plan Banquet

The annual barbecue of the San Mateo Lodge of Elks will be held at Woodside tomorrow. The members will leave San Mateo early in the morning in automobiles and make the trip by way of the mountain boulevard. In addition to the barbecue, a program of sports has been arranged. In the afternoon an entertainment will be given by the club talent and visiting Elks. About 200 will make the trip.

REDWOOD CITY LOCAL NOTES

Miss Frances Elser of Los Angeles is here on a short visit with her cousin, Miss Cora Lovie.

The date of the Board of Trade banquet has been changed to Tuesday, June 18th.

Miss Lulu Puttner, who has been a guest of John Christ since last October, left last Thursday for Seattle to permanently reside. Her home is in Canada.

Geo. W. Lovie, popular secretary of the Building and Loan Association of this city, is a grandfather. He became one on June 10th, when a young son was born to Mr. and Mrs. Albert E. Schofield, nee Lovie, of Berkeley.

Mrs. H. E. Heiner and her daughter, Mrs. Charles Jacobus, departed for Portland last Saturday to attend the rose carnival there and to visit Mrs. Jacobus' daughter, Mrs. Stanley Rice. They expect to be absent for a month, or more.

Miss Theresa Sullivan, one of the accommodating clerks of the First National Bank, will leave on her annual vacation next week. Miss Sullivan will spend two weeks in Los Angeles and the southern portion of the State.

Comfortably seated and thoroughly ventilated, the Bell theatre presents one of the most attractive places of amusement on the peninsula. Manager Nithorst is well entitled to the liberal patronage he receives. For the coming week there will be four changes of program, with some special features.

At the meeting of the Woman's Club next Thursday afternoon the old officers will go out of office and those recently elected will be installed. There will be a reception from 3 to 5 o'clock and a program and refreshments. Each member will be permitted to invite a guest.

The Les Filles tendered a surprise party to Mrs. Eugene Curran, one of its prominent members, at her home on Arguello street last Friday evening. Mrs. Curran was presented with a silver berry spoon engraved with her name and the name of the society. The evening was pleasantly spent and enjoyed by those present.

The Servant in the House.
On June 20th, at 8 o'clock, at the Alhambra, "The Servant of the House" will be presented to a Redwood City audience by "The Masquers." This dramatic organization consists of a number of talented young people from the different towns along the peninsula from San Jose to San Francisco. "The Servant in the House," by Charles Rann Kennedy, is a good example of the modern play, dealing, as it does, with an important idea in our life; the purification and upbuilding of society, today and the tremendous influence the spirit of Christ has on this work.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SOUTH SAN FRANCISCO.

Extensive improvements and additions to the school building of the South San Francisco school district, which have been under way for some time, have been completed and the work accepted by the trustees. In order to give the people of the district an opportunity to inspect the improvements and in celebration of the increased facilities, a reception was held at the building on Friday afternoon of last week. The improvements mainly consist in the finishing of the rooms in the upper story, increasing the capacity of the building by four rooms, and the addition of fire escapes permitting the exit of occupants of all rooms from the outside of the building, and the addition of a modern heating plant. The celebration consisted of the rendition of an interesting program, a special feature of which was a review of the history of the school district by Judge Cunningham.

Balloting for queen of the Fourth of July celebration will close on Saturday evening of this week and the count of the ballots will be made by a committee of citizens in Metropolitan Hall. After the decision of the queen contest a ball will be given by the Metropolitan Club, the proceeds of which will go toward the benefit of the Ladies Guild. At the last count of the ballots Miss Fern Mahoney was in the lead, with Miss Lenor Parr a close second.

City Attorney J. W. Colebrecht of South San Francisco has gone east for a short trip.

W. H. Coffinberry of the Bank of South San Francisco, accompanied by Mrs. Coffinberry, is visiting in Portland, Oregon.

SAN BRUNO NOTES.

James Hatfield, who has been in Suisun for some time past, has returned to his home here.

E. R. Zion, an attaché of the tax collectors office at San Francisco, was convicted of a violation of the fish and game laws before Justice Davis on Monday of last week. Zion was arrested at Point Pedro and accused of having caught trout out of season.

The Fourth Addition Improvement Club has been organized with the following officers: W. Turnbull, president; J. Beckner, vice president; W. W. Holliday, secretary; J. J. Jones, treasurer. The prime motive of the formation of the club was the necessity for an organized movement to secure a satisfactory outlet for the sewerage for the year.

For the third time the proposition to issue bonds for the building of a school house in the new Burlingame district has met with defeat. This time, however, lacking but 18 votes of the necessary two-thirds majority. That the sentiment of the community was strongly in favor of the proposal is shown by the fact that out of a total of 583 votes cast, 375 were for the issuance of the bonds. It is expected that the trustees will again submit the proposition as soon as the law will allow.

BELMONT NEWS NOTES
Miss Hazel Turner left Tuesday in company with her grandmother for an outing at Boyes Springs.

Mr. and Mrs. F. A. Levy are making preparations to build a handsome home on Ralston avenue, adjoining the Center place.

Mr. and Mrs. Jens have returned from a visit to Los Angeles and are now visiting at the home of their daughter, Mrs. Hansen.

Members of the Young Ladies Sewing Club were pleasantly entertained last Friday afternoon by Mrs. F. A. Levy.

FROM THE COAST SIDE.
A party of prominent business and professional men of San Francisco has recently purchased from the Montana Realty Development Company a large tract of land on the heights adjoining Moss Beach. Surveyors have been at work on the tract preparing for its subdivision into lots and villa sites, taking advantage of the natural contour of the land to obtain some enticing views.

C. V. Borden of Halfmoon Bay is sporting a new \$2300 Pierce Arrow automobile.

The entire teaching force of the Halfmoon Bay high school, which includes Prof. W. R. Anderson, Mrs. Nevins and Misses R. E. Hooper and M. G. McDonald, have been re-elected for the coming year.

The Halfmoon Bay Athletic Club will give a dance at their hall on Saturday evening of this week. The club has become a feature in the social life of the town.

The ranchers between Purisima and Pescadero have sold over 200 tons of hay to a San Francisco dealer. One of the largest sales was Joe Nunn's off escadero which alone amounted to 700 tons.

E. J. Laugherty, who owns a large tract of land adjoining Rivera on the south, is preparing to engage extensively in the cultivation of artichokes and vegetables the coming season. For the purpose of assuring means of irrigation, he is having plans prepared for a large concrete reservoir.

ers of the district. With this accomplished the club will give its attention to the furthering of other plans for the improvement of conditions of the neighborhood. Meetings of the club will be held on the first and third Friday evenings of each month.

NEWS OF DALY CITY

The charge of criminal libel recently preferred against J. L. Brown of the Daly City Record by J. F. Pankowicz, the present town marshal, has been dismissed by Justice of the Peace Ellis C. Johnson. The dismissal was made on motion of District Attorney Swart, who informed the court that in his opinion there was not sufficient evidence to warrant a prosecution. The charge grew out of a personal article published in the Record some time ago.

Reports of the conductors of the Parkway car line indicate that on Decoration day a total of 3,100 passengers were carried to Mount Olivet Cemetery by that line. It is estimated that on that day not less than 30,000 people visited the cemeteries in the northern part of the county.

Frank A. Smack, recently arrested on a charge of selling liquors to minors in Daly City, has been acquitted of the charge by the town recorder's court. Smack was defended by Attorney Henry W. Brown.

SAN MATEO AND BURLINGAME.

The city trustees of Hillsborough have issued a call for bids for furnishing that city with a combination chemical and hose wagon and a supply of fire hose. Bids will be opened July 16th and called for a machine of the first class.

Blanchard & Cushing have been awarded a contract for the laying of macadam pavement on the streets of Hillsborough. While the firm was the only bidder for the work, they made the remarkably low offer of 6 cents per square foot for the job.

J. P. Duffy, exalted ruler of the San Mateo Lodge of Elks and a prominent member of the local council of the Knights of Columbus, is arranging for a special car to convey representatives of the two organizations to Portland, Oregon, for the coming grand lodge sessions of the two orders which meet at about the same date. The excursion will leave San Francisco July 8th, and it is planned to extend the trip to include a visit to the Yosemite Park. Among those who are already listed are Mr. and Mrs. J. P. Duffy, Mr. and Mrs. J. E. Casey, James Gibb, Mr. and Mrs. Hall C. Ross, W. D. Shawhan, John A. Hoey, and Guy P. Shaw.

The city trustees of San Mateo have contracted with one of the local garages for the care and operation of the new auto fire truck recently purchased by that city. The garage proprietors are to care for the machine, furnish oil and gasoline for its operation and provide a driver to respond to all alarms. For this service they are to be paid \$100 per month under a contract for one year.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

Appeal Papers Filed

The papers in the appeal case of Joseph A. Bettencourt against T. B. Pitcher from the justice court of the Fourth township have been filed with the county clerk.

New Building Contracts

The following builder's contracts were filed in the county recorder's office during the week: "W. C. Barlick agrees to erect for Mr. and Mrs. E. A. Hardy a one and one-half story frame residence at Burlingame in 78 days for \$4250.

The San Mateo Building Company agrees to erect for F. A. Levy a one-story frame residence at Belmont in 70 days for \$3000.

Ready for Probate

Dolores Carrilla has applied in the Superior Court for letters of administration upon the estate of Francisco Carrilla, who died on April 28, 1912. The estate consists of an undivided one-half interest in lot 22, block 27, Vista Grande valued at \$600. The personal property consists of household effects of small value. The only heir at law is the petitioner, widow of the deceased.

John R. Jones has applied in the Superior Court for letters of administration upon the estate of Phoebe Nelson, who died in this county in December 28, 1895. The estate consists of a certain interest in lots 23, and 24, blk. 27, Western Addition to the City of San Mateo.

Appraisers Report Filed

H. W. Schaberg, inheritance tax appraiser of the estate of Lendall M. Gray, deceased, has filed his inventory and appraisal. The total value of the estate is placed at \$388,025.14. It consists of real estate, bonds, stock and other collateral. Claims to the amount of \$247,354 have been filed against the estate. This amount and the exemptions and other items leaves a balance of \$127,805.82, subject to the inheritance tax. The sum of \$63,909.91 is the share of Mrs. Sophie Katherine Gray, wife of the deceased and the amount of inheritance tax she will pay is \$890.95. Helen Gray, the minor son of the deceased, aged 12 years, receives a like sum and the inheritance tax is the same. The cost of administration of the estate is \$4315. Mrs. Gray received a family allowance in the aggregate of \$8550.

New Actions Filed

Julia C. Donaldson has brought suit in the Superior Court against her husband, Robert J. Donaldson, for an interlocutory decree of dissolution.

LOCAL NEWS OF MENLO PARK

MENLO PARK HAY BAILER IN UNITED STATES SENATE

Career of George Wingfield Splendid Example of Western Energy

The sudden rise of George Wingfield to fame and fortune is one of the surprises of the day. Fifteen years ago Wingfield was a hay bailer around Menlo Park and today he is a member of the United States Senate and the owner of a colossal fortune of over \$30,000,000. On Thursday he was appointed to the vacancy of his partner, Senator Nixon, in the United States Senate by the Governor of Nevada. He is accounted the richest man in the Sagebrush State. George Wingfield is strictly a product of the west. He was born in Fort Smith, Ark., August 16, 1876. He came to Nevada in 1897 as a prospector. He had been in the cattle business. He was the first man in Goldfield and having secured interests in good mining properties soon began to accumulate his vast fortune. In 1906 he formed the merger of the various mines in Goldfield, organizing the Goldfield Consolidated, which has paid dividends to the amount of \$42,000,000. Wingfield is well known here and at Mayfield. If he makes as good a senator as he made a hay bailer his friends will be satisfied.

Items of Personal Mention.

Mrs. Ray A. Torkelson will leave shortly for Philadelphia to spend three months at her old home.

Wedding bells are scheduled to ring before the end of the month. The prospective bride is now busily engaged in arranging her trousseau.

Martin Geoghegan is reported very low at his home on the county road. Owing to his advanced age it is doubtful if he will recover.

E. W. Hopkins who motored down to Del Monte the fore part of the week, accompanied by Miss Gertrude Hopkins and Miss Marian Zeile, his two nieces, returned Thursday.

Mrs. Jarvis Murray, who was dangerously ill the fore part of the week is recovering. Her illness caused her relatives and friends much alarm and the news of her recovery is glad tidings to her wide circle of acquaintances.

Mr. and Mrs. J. C. Cowdin arrived home from their honeymoon spent at Del Monte Thursday and yesterday were given a farewell dinner by Mr. and Mrs. E. W. Hopkins. The young couple left last evening for the east to reside.

voce. The couple was married in San Jose on March 16th, 1911. Failure to provide is the ground on which the proceedings are brought.

A Sonnicksen has commenced an action in the Superior Court against Peter Suverkrup to recover the sum of \$902.80 and costs of suit for gravel hauled from the bed of the San Francisco creek to the bank near Palo Alto. In October 1911 the parties to the suit entered into an agreement whereby Sonnicksen was to haul gravel from the bed of the creek to the bank for defendant and give forty cents a yard for same. Plaintiff hauled quantities from time to time until February of this year. He also agreed to buy gravel from Suverkrup when on the bank. The complaint alleges that defendant refused to pay him and that defendant became indebted to him for the gravel taken away and that defendant refuses to pay him although he has sought a settlement at various times. Suverkrup owns the gravel in the creek and hauls it to the bank where it is sold by the yard.

Transferred from San Francisco

The civil suit of S. McClay against John J. Welch and others has been transferred from the Superior Court of San Francisco to the Superior Court of this county for trial. All the papers in the case were transferred to the county clerk during the week. According to the complaint Mrs. J. J. Welch entered into an agreement with the firm of Kohler and Chase on July 8, 1910, of the purchase of a piano, agreeing to pay the sum of \$750 for the instrument in installments. She failed to keep up the payments and the company assigned the claim to plaintiff who brings suit for the balance of \$450 and interest in the sum of \$81.15. No doubt Mrs. Welch has some good defense or she would not permit the case to come to trial.

IMPRESSIVE CEREMONIES AT CHURCH OF NATIVITY
Services of Forty Hours Devotion are Conducted by Visiting Clergy

The impressive and beautiful ceremony of the Forty Hours Devotion in the Church of the Nativity closed last Tuesday. There was an unusually large attendance all the exercises during the forty hours devotion. The musical program was exceptionally fine, the choir being augmented by several new voices from San Francisco and Palo Alto rendering excellent music. The sermons for the occasion were preached by Rev. Father Harvey and Rev. Father Sullivan of St. Patrick's Seminary and Father Lacombe. The eloquent discourses were attentively listened to. Father J. B. Hannigan, the pastor, is deserving of praise for the success of the Forty Hours Devotion for his splendid arrangement of the affair.

Chases Runaway Horse in Auto.

Joseph Bayson's horse hitched to a trap ran away Wednesday morning at Menlo Park, raced down the county road, turned into Palo Alto and galloped the full length of University avenue at a furious pace before his owner in an automobile caught him and drove him back home. No damage was done.

New Name for Fair Oaks.

The historic and aristocratic peninsula settlement so long known as Fair Oaks will hereafter bear the name of Atherton. The residents of Fair Oaks, at a meeting held last Monday night at the home of Perry Eyre, decided upon the change of name. The Southern Pacific Company was the instigator of the action, claiming that there was much traffic confusion resulting from the fact that a station in Sacramento county also bears the name of Fair Oaks. The name Atherton was given to the San Mateo county station in honor of Faxon D. Atherton, who was one of the earliest settlers at Fair Oaks.

Menlo Park News Notes.

Rev. A. B. Chinn has rented the Professor Percy Davidson home at University Heights for the summer months.

J. J. Tuttle is the emporium for fresh vegetables, fruits and confectionery. Mr. Tuttle makes a specialty of berries.

William O'Brien, the artist who is pleasantly recorded in Menlo Park's past, is here and is a guest of the Oak Grove Villa while doing the painting on the Diamond residence at Portola.

The young men of the village will give a social dance in Duff and Doyle hall Friday evening, June 21.

ANOTHER SCALP IN REDWOOD'S BELT

Local Ball Team Goes Against Reputed Hard Game and Finds it Easy Mark

The fans journeyed out to the ball grounds last Sunday, expecting, not hoping, to witness our first defeat for the season, basing their arguments on the defeat of Watsonville by the Clarions. But that idea of defeat was the most stupendous delusion the baseball loving people of Redwood ever labored under. For to tell the truth, the Redwood team treated the Clarions like an ordinary grammar school team, and moreover the one sided score was 12 to 0. Think of that, shutting out the best team from San Francisco, and by such a score.

Stevens, the Clarions' twirler, started like a winner, fanning the first three men, but in the second Redwood put three runs across on two wild pitches, and a scratch hit by Fraser. Then the home team stopped the run getting for a few innings, thinking three would do, but somehow or other the boys took a liking to Stevens' pitching and scored one in the fifth, two in the sixth, 1 in the seventh, but it's hard to tell the story of the awful eight, for in that inning we put five more across. They hated to do it, but it was their duty. After the inning was over the boys thought the Clarions might slip one over in the 9th, but Keating's pitching kept them away from the plate. The credit for the shut-out goes to Tommy Keating who pitched thirteen and allowed two singles, one a scratch. Muller caught a fine game, and cut out at least two runs by good handling of throws at the plate. Julie Allain Fraser and Castro were there with us at the right time, and won the base. Swan made a one-hand play by their handy work over the head of O'Brien's bat, and cut off a sure two-bagger. Next Sunday the Yosemite are coming down, and they have vowed that Redwood will meet its first defeat Sunday.

Assessor's Instructions To Owners of Real Estate and Personal Property.

The law requires "each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor of the county in which his property is located. No statement will be accepted unless it is properly given on or before the first Monday in March at 12 o'clock m.

No charge can be made by the Assessor after he has received his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fall to comply with the law and may cause much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.

GRAMMAR GRADE TEACHERS TO ATTEND SUMMER SCHOOL

The University of California summer session opens June 24th. Last year nearly 2000 grammar school and high school teachers and principals attended this school. Prof. Chas. E. Ribet, Dean of the summer session, was at one time head of the mathematics department of Reid's academy at Belmont. The latter position is the one held by Robert W. Mantz last year.

The local grammar school will be well represented at the summer school. Mr. Mantz plans to attend the lectures on the school administration. Mr. Abell will take an advanced course in manual training. Mrs. Bailey will take the play ground and physical culture courses and Miss Beth Durham will review the elementary manual training work and study the celebrated Montessori system of primary grades. This will be the first opportunity for studying the Montessori system on this coast.

ADDITIONAL TRACKS DOWN THE PENINSULA.

The construction of what practically amounts to a new railroad down the peninsula, although it will run parallel with the present tracks, is now being prepared by the Southern Pacific Company.

There has as yet been no official announcement of just how soon the construction of work will be instituted, but the presence of surveyors along the present right of way is regarded as an indication that the time is not very remote. The new line is necessitated because of the traffic congestion on the present tracks, the suburban tracks and the coast line trains using the same rails. The company is now planning the construction of a new double track road, running parallel with the present rails, one set to be used by the local and the other by the through passenger trains.

At present the company maintains a twenty-seven train service between San Francisco and the peninsula points, irrespective of the through service, and the usage of the same rails for all at present is indicative, say officials, of a necessity in the near future of segregating the trains because of the possibility of the peninsula's growth and development and consequent necessary increase in the number of locals.

Dodge Detected Smugglers

W. O. Dodge and his son Ralph who were camping on the ocean shore near Halfmoon Bay a week ago detected the landing of thirty-eight Chinese who had been smuggled into the country from Mexico. The government officials knew that the traffic had been going on for some time but were unable to detect the guilty ones. On the evidence furnished by Mr. Dodge the smuggled Chinese and the smugglers were arrested and the traffic will be broken up.
